

# Development & Manufacture of High Quality Cold Forging Dies

Wujin Luoyang Yaoshengda Hardware Products Factory (“Yaoshengda”) is specialized in the manufacture of cold forging dies/bolt dies/nut dies and non-standard cold forged fastener dies made from various materials, as well as design, development and manufacture of tungsten carbide dies and special dies. Over the past 20 years the stable and durable cold forging dies continue to create for Yaoshengda an impeccable high-quality image on the international market, help it gain lots of loyal customers, and increase its market share around the globe.

“Creating value for customers, industries, and employees as well as keeping high quality and improving service for sustainable growth have been our core mission statement since our inception”, says Yaoshengda General Manager ZHAO Shou-Ze.

## Introduction of Imported Materials and Being Certified to ISO9001:2015

Making no compromise over quality, the team of Yaoshengda mainly adopts tungsten carbide with high hardness to manufacture products. They also introduce special steel materials from Germany that best suit various customers’ demands in production. Meanwhile, in order to achieve a highly advanced level of automation, controllability, and precision, many years ago Yaoshengda started to introduce sets of advanced imported equipment and nowadays it has had more than 100 sets of equipment such as Okuma CNC Lathes, Japanese Makino Sinkers EDM EDGE3, Japanese Sodick Wire EDM, Taiwan Jagura Grinding Machine, and many other highly precision equipment. The originally separately operating factories have been recently integrated as well. The resultant high manufacturing efficiency enables it to provide customers with higher quality service. With relentless dedication to quality improvement, Yaoshengda has been also certified to the ISO9001:2015 quality management system.

## Dies with 3 to 5 Times of Service Life / Extending Business Reach to Development of Cold Forged Parts

Yaoshengda has been a well-known senior expert in the development and manufacture of cold forging dies. Compared to other counterparts, the service life of dies Yaoshengda supplies is averagely 3 to 5 times that of other similar dies, which can not only help customers reduce manufacturing costs, but also help them achieve stable product quality and lower management costs. With more than 2 decades of experience in dies development, it has also recently extended to manufacture and development of cold forged parts. Yaoshengda has also purchased cold forging equipment to help customers develop cold forged parts, non-standard parts, stainless steel rivet nuts, weld nuts, automotive wheel hub nuts, wheel nuts, various stainless steel nuts and many other engine fasteners. It has also maintained collaboration with many automotive related plants and has earned a good reputation in Europe, USA, and the Middle East. ▣

### Manufacturers of various of cold heading moulds, punches and accessories

WUJIN LUOYANG YAOSHENGDA HARDWARE PRODUCTS FACOTORY IS A PROFESSIONAL MOULD AND HARDWARE FACTORY MORE THAN 20 YEARS IN CHINA. WE FOCUS ON HIGH-QUALITY MOULDS SUCH AS NUT MOULD, SPECIAL DIE, FASTENERS AND TUNGSTEN CARBIDE MOULD, ETC. THE PRODUCTS ARE SOLD TO MID-EAST AND EUROPE MARKET AND GET HIGH REPUTATION BY THE GOOD QUALITY AND SERVICE.

WUJIN LUOYANG YAOSHENGDA HARDWARE PRODUCTS FACTORY  
Add : Tanjiaotou industrial area, Luoyang town, Wujin, Changzhou, Jiangsu Province, China.
