► Fastener Expo Frankfurt 2026

2026 德國法蘭克福緊固件專業展

03/23-25

🇩🇪 Messe Frankfurt

Positioned to become Europe's central sourcing and innovation platform for fastening and fixing technologies, FEF will bring together 300+ international exhibitors and thousands of professional buyers across automotive, aerospace, machinery, construction, renewable energy, and next-gen manufacturing applications. FEF's inaugural edition will host strong national pavilions (Germany/Turkey/China), each presenting unique capabilities from across the world's major fastener-producing regions. Together, the pavilions create one of Europe's most comprehensive global sourcing opportunities. Interactive programs to strengthen sourcing & collaboration include VIP Buyer Program, Technical Workshop Series, and Automotive Fasteners Demonstration.

FASTENER — WORLD — EXHIBITIONS

► Taiwan International Fastener Show 2026

2026 台灣國際扣件展

04/22-24

🇹🇼 Kaohsiung Exhibition Center

Fastener Taiwan 2026 serves as a significant international trade show for the global fastener industry. Under the theme "Sustainable Fasteners, Precision in Action!", the show focuses on the practical applications of sustainability, green innovation, and smart manufacturing, driving the industry's transition toward a net-zero future.

In the face of net-zero transformation and global supply chain realignment, Taiwan has firmly retained its position as the world's third-largest exporter of fasteners, thanks to its well-integrated industrial clusters, strong precision manufacturing capabilities, and highly flexible supply chain. Fastener Taiwan 2026 emphasizes value-added manufacturing and low-carbon development. The show will highlight breakthroughs in R&D, smart manufacturing, and carbon reduction, offering the latest fastener applications across advanced sectors such as EVs, aerospace, semiconductors, medical devices, and construction. More than 10,000 buyers and industry professionals from around the world are expected to attend to explore cross-border and cross-sector business opportunities.

► Fastener & Hardware Indonesia 2026

2026 印尼雅加達國際緊固件五金展

05/20-22

■ JIExpo Kemayoran Jakarta

With the continued growth of the automotive, construction, and manufacturing industries, demand for fastener and hardware products is now at an all-time high.

The global market is projected to grow by over 7% annually through 2030, opening up significant opportunities for manufacturers, suppliers, and providers of fastener technology and industrial equipment.

Held in conjunction with INAPA 2026, the FASTENER & HARDWARE Indonesia 2026 exhibition provides a strategic platform for companies to showcase the latest products and technologies in fasteners, tools, and hardware, meet directly with thousands of potential buyers and industry professionals, and expand business networks in the automotive and manufacturing supply chain hubs of Southeast Asia.

► International Fastener Show China 2026

2026 中國上海國際緊固件工業博覽會

05/20-22

■ Shanghai World Expo Exhibition & Convention Center

International Fastener Show China is the meeting place of fastener peers to share the latest and leading products and solutions, and strengthen competitive powers in the fastener industry. IFS China offers an exclusive showcase and networking platform in one of the world's leading industrial economies. Fastener and fixing systems are vital components in various manufacturing sectors, from common parts to high-tech applications in the industries of automobile, aerospace and construction. The 3-day IFS China aims to enhance the technological and commercial communion between China Fastener Industry and global colleagues.

► Metaltech & Automex 2026

2026 馬來西亞吉隆坡工具機暨金屬加工設備展
05/20-23

🇲🇾 Malaysia International Trade and Exhibition Centre (MITEC)

For the past decade, METALTECH & AUTOMEX has pioneered the growth of metalworking, machinery, robotics and automation industry in Malaysia being the first dedicated business event to represent various sectors of the manufacturing industry including electrical & electronics, automotives, aviation, food & beverages, plastics & rubbers, pharmaceuticals and medical technology.

METALTECH is world renowned by the manufacturing industries as the most effective platform for suppliers to launch their new products and services to local and regional buyers, gaining new leads and attaining new businesses. The show will feature the latest technologies from 33 specialised profiles; attracting more than 20,000 visitors over the four day duration.

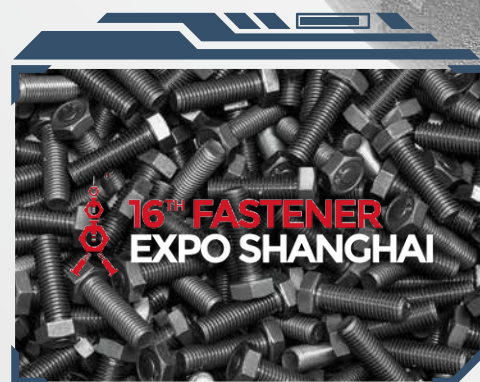

FASTENER — WORLD — EXHIBITIONS

► Fastener Expo Shanghai 2026

2026 中國上海緊固件專業展
06/24-26

🇨🇳 National Exhibition & Convention Center (Shanghai)

As one of the world's three major fastener exhibitions and a key barometer for the Asian fastener industry, the 2026 edition will be further upgraded in both scale and content. The exhibition is expected to cover over 70,000 sqm, host approximately 1,300 exhibitors, and attract 25,000 professional visitors. The exhibition will occupy Halls 1.1, 2.1, and 3, with clearer functional zoning and displays closely aligned with key segments of the industry chain. The show will comprehensively present technological progress and development trends across finished fasteners, equipment, wire rods, dies, and related sectors.

 **Phoenix Convention Center**

The International Fastener Expo is the premier business-to-business trade show for all types of fasteners, machinery & tooling, and other industrial products. IFE is the largest fastener event in North America and caters to every level of the supply chain. Held annually, the event consists of a conference program and a show floor with hundreds of exhibitors from around the world. Each year, thousands of attendees travel to IFE to network and do business with hundreds of suppliers showcasing every type of fastener for several industries including construction, aerospace, military, electrical, and automotive.

► Fastener Poland 2026

2026 波蘭克拉科夫螺絲展

10/14-15

EXPO Krakow

For several years now, the FASTENER POLAND® trade fair has been the most important meeting for the fastener industry, where key purchasing decisions are made. During the last edition, over 170 exhibitors from 17 countries presented their products. Among the products on display at the booths were high-tensile screws, structural rivets and double-ended fasteners, riveting tools, an optical screw measurement system, and fasteners for the automotive industry. Last year's event attracted 3,054 visitors from 36 countries.

The largest representation of companies from outside Poland was made up of entrepreneurs from the Czech Republic, Slovakia,

Italy, Germany, and Romania. Guests from as far away as Saudi Arabia, Japan, and South Korea were also present.

The FASTENER POLAND® trade fair is also an opportunity to gain expert knowledge about the current market situation. The annual conference attracts audiences interested in current and future challenges, such as CBAM.
